

The Sports Trust

Vision

Building healthy communities through sport.

Mission

The Sports Trust will increase access and create opportunities for all South Africans to participate in sport through the provision of equipment and facilities; and it will help to create a new sporting tradition for our democratic society.

Building Healthy Communities Through Sport

The Sports Trust was established in September 1995 as a joint venture between the private and public sectors – all with a shared goal of providing opportunities to play sport to all South Africans, at all levels, across all sporting codes. Since its inception, The Sports Trust has spent over R62 Million on over 261 projects throughout South Africa with a strong emphasis on establishing and upgrading sporting facilities and providing equipment.
